IMPORTANT PAYMENT INFORMATION

- It is important to use the remittance stub and envelope provided since both contain computer encoding that will help ensure prompt and accurate posting of payments. Always include your loan number on your check or money order. However, should you not receive your statement, DO NOT DELAY PAYMENT. Simply write your loan number on your check or money order and mail to the payment address as provided in the **Contact Information** section below.
- Do not send cash or correspondence as this could delay processing. Correspondence should be sent to the address provided in the **Contact Information** section below.
- Please be advised that if your account is delinquent or if there are fees and charges due, your account may not be paid ahead nor may principal reduction payments be applied. When Mr. Cooper receives a remittance that is in excess of a payment amount, that excess is applied to your account in accordance with a predetermined sequence: 1) Principal and Interest due; 2) Applicable Escrow amounts; 3) Fees and other charges assessed to your account. Once this sequence has been satisfied, you may give specific instructions as to how you would like excess amounts to be applied to your account by noting your preference on the face of your remittance stub.
- Any lump sum received that is not accompanied by a payoff quote will be applied according to our standard payment application rules. This will not result in satisfaction and reconveyance/release unless amount tendered satisfies all amounts due and owing on the account.
- A Schedule of Fee for Select Services may be found on our website at www.mrcooper.com.

*The cash-out amount is an estimate of the equity you may be able to withdraw from your home. It is based on our estimate of the current amount you owe on your home and our estimate of the current value of your home. For most conventional and FHA loan products, it assumes you can withdraw up to 80% of the equity. For VA loans, it assumes you can withdraw up to 90% of the equity. If you do not occupy the property, it assumes you can withdraw between 70-75% of the equity, depending on the number of units in the property. Taking cash out may increase the total number of monthly payments, your total finance charges and/or the total amount paid when compared to your current situation.

**A debt consolidation refinance increases your mortgage debt, reduces equity, and extends the term on shorter-term debt and secures such debts with your home. The relative benefits you receive from debt consolidation will vary depending on your individual circumstances. You should consider that a debt consolidation loan may increase the total number of monthly payments and the total amount paid over the term of the loan. To enjoy the benefits of a debt consolidation loan, you should not carry new credit card or high interest rate debt.

Information about your current loan was obtained from our servicing records.
